About me

A motivated and enthusiastic undergraduate student pursuing a Bachelor's degree in Data Science at a Technology Campus in Sri Lanka. Passionate about data analysis, technology, and problem-solving with a strong interest in learning new skills and applying data-driven solutions. Possesses good teamwork, communication, and time management skills, with the ability to adapt to new challenges and contribute effectively in a professional environment.

Soft skills

A motivated and responsible individual with strong communication and teamwork skills. Able to manage time effectively, adapt to new environments, and solve problems through critical thinking. Possesses a positive attitude, willingness to learn, and the ability to work independently as well as with a team.

Hard skills

Knowledge of data analysis, programming fundamentals, database concepts, and data visualization techniques. Familiar with Python, SQL, Microsoft Excel, and basic statistical methods. Able to analyze data, identify patterns, and use technology to develop effective solutions.
